Student right of the month

You cannot, according to law, appeal a grade. But if there are obvious mistakes in the marking of a test, if the examiner has missed a question or added the points incorrectly, this must be corrected.

Kinka Barvestad: Student and PhD Student ombudsman in Växjö/Kalmar

Tel: 072-318 00 26

Student? Contact ombud@linnestudenterna.se

PhD Student? Contact doktorandombud@linnestudenterna.se

Would you like my job? - Apply before March 11

The Student Union Board needs you! Make the student time better for you and your student friends. You can work with leadership, education, housing issues and student associations, member recruitment, international or national student issues. There are five full time positions on the board and eight part time positions. All board positions are paid positions. You need to have a good knowledge in Swedish to be able to apply for the board. For more information and application, see www.linnestudenterna.se

For more information and application, see www.linnestudenterna.se

Time to renew your Student Union membership

Hopefully you still want to support our work defending the rights of the students? And you also get free coffee every Thursday, get to take part of our local member discounts and have the opportunity to apply for our literature grant. The card for the fall semester expires on the 28 of February. Are you not sure if you paid for the spring semester? Send an email to info@linnestudenterna.se Our office in The University Library is open on weekdays between 11 am-1pm.

Looking for jobs around the Globe

This lesson /workshop is aimed at students that are keen on an international career. Participants will gain an understanding of the role cultural differences play in CV writing and how to prepare for an international application. What are employers looking for in different countries, which application methods work best, whether it is for a job in Shanghai, Stockholm or Sydney.

Please join us March 17, at 13.00–15.30 pm

Place: Hörsalen, Falken i Kalmar
